

LDT IS ALL DECKED OUT FOR SPRING!

The Biofore Company

UPM

2 exciting **NEW** decking materials with fabulous looks that will last!

Choose from the fresh and modern look of the UPM ProFi® Design Deck range or the luxurious hardwood tones of the UPM ProFi® Classic Deck range.

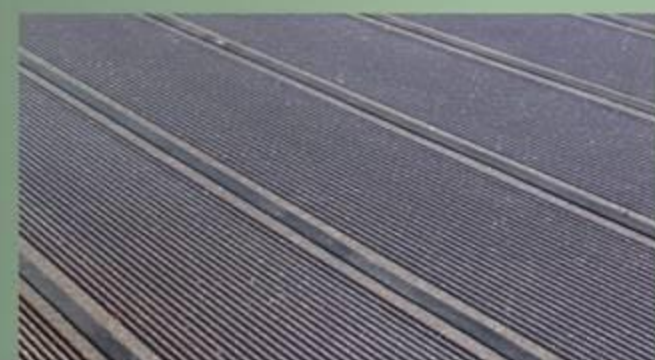

THE EXTENDED LIFECYCLE OF DECKING - UPM ProFi® Classic Deck range

- The look and feel of real hardwood decking
- Backed by a 25-year manufacturers guarantee
- Made in USA
- Requires the minimum of maintenance
- Will look good year after year
- Has a unique, stain resistant, 'closed-surface' that does not absorb oil, spills or drips
- Made from recycled American red and white oak fibres plus polyethylene
- Exceptionally solid and stable board.
- Environmentally friendly and sustainable.
- 95% of the materials used to manufacture the boards are recycled
- Requires no annual sanding, varnishing or staining
- Embossed wood grain surface offers good friction
- Being splinter-free, Lifecycle is ideal for bare feet
- Available in four colours, Dark Walnut, Golden Tigerwood, Sun-bleached Desert Sand and Cape Cod Grey
- All the boards feature natural looking streaks and veins

TAKE THE PROFI® DECK CHALLENGE! - with UPM ProFi® Design Deck range

- Gives outdoor living a stylish new look
- Unlike traditional composite or timber decks, UPM ProFi® Design Deck has a unique stain resistant surface that does not absorb spills.
- Take the UPM ProFi® Design Deck challenge and try the oil test. See how the unique stain resistant surface works.
- No knots, twisting, splits or cracks
- Enjoy looks that last with minimum maintenance.
- Available in seven colours all inspired by nature
- Double surface texture - Achieve distinctive patterns by alternating the direction of the boards or use both the fine and the wide groove surfaces of the reversible profile.
- Ideal for garden decks, patios, terraces, marinas or boardwalks, both in public and residential applications
- Unique Stain Resistance
- Superior Impact Strength
- High Friction Surface and no splinters
- Manufactured using recycled raw materials.
